Desktop Tablet Mobile Morring Gallery Home Gallery Search Sort Log in Contact FB Gallery Gallery Search and sort icons are set as floating and always present. When activated, they operate through On desktop and very large screens, a modal. This way display looks much search and sort can be accessed cleaner and the functionality is preserved. through always present nav bar. Search still operates through modal, but sort is a drop down menu. Vladimir Mijatovic Home Gallery Search Sort Log in Contact FB Gallery

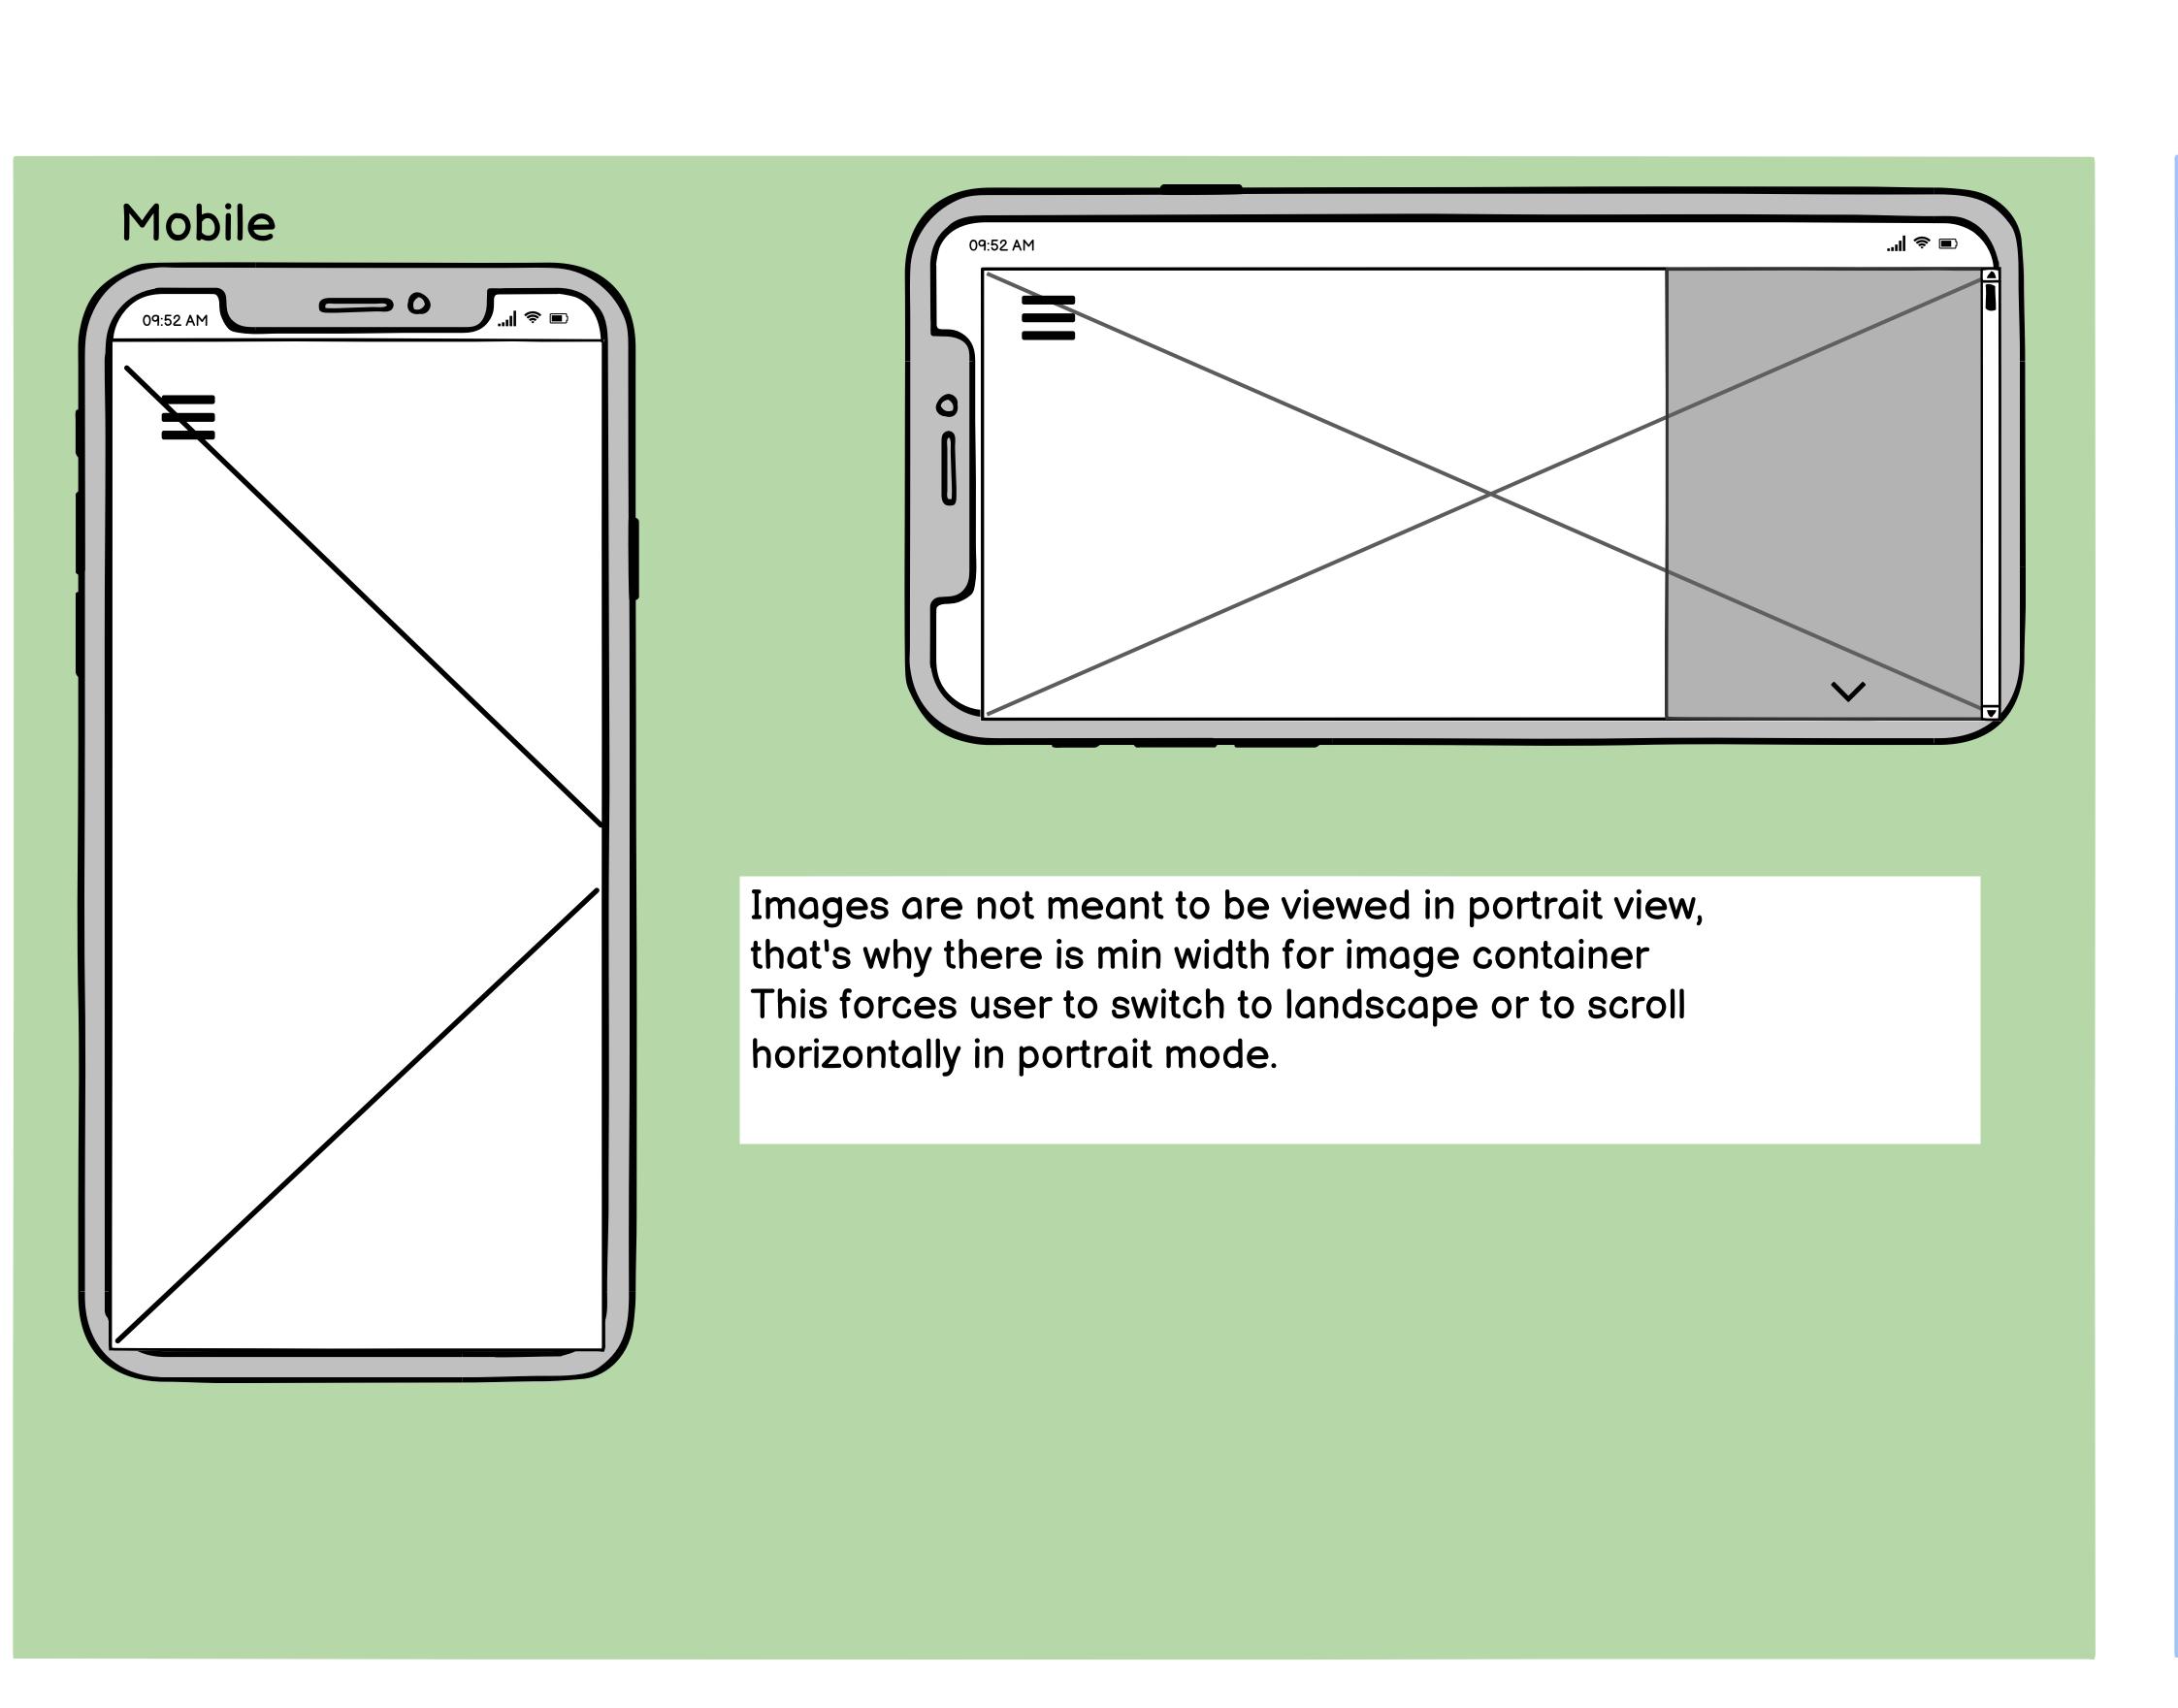

Gallery page:

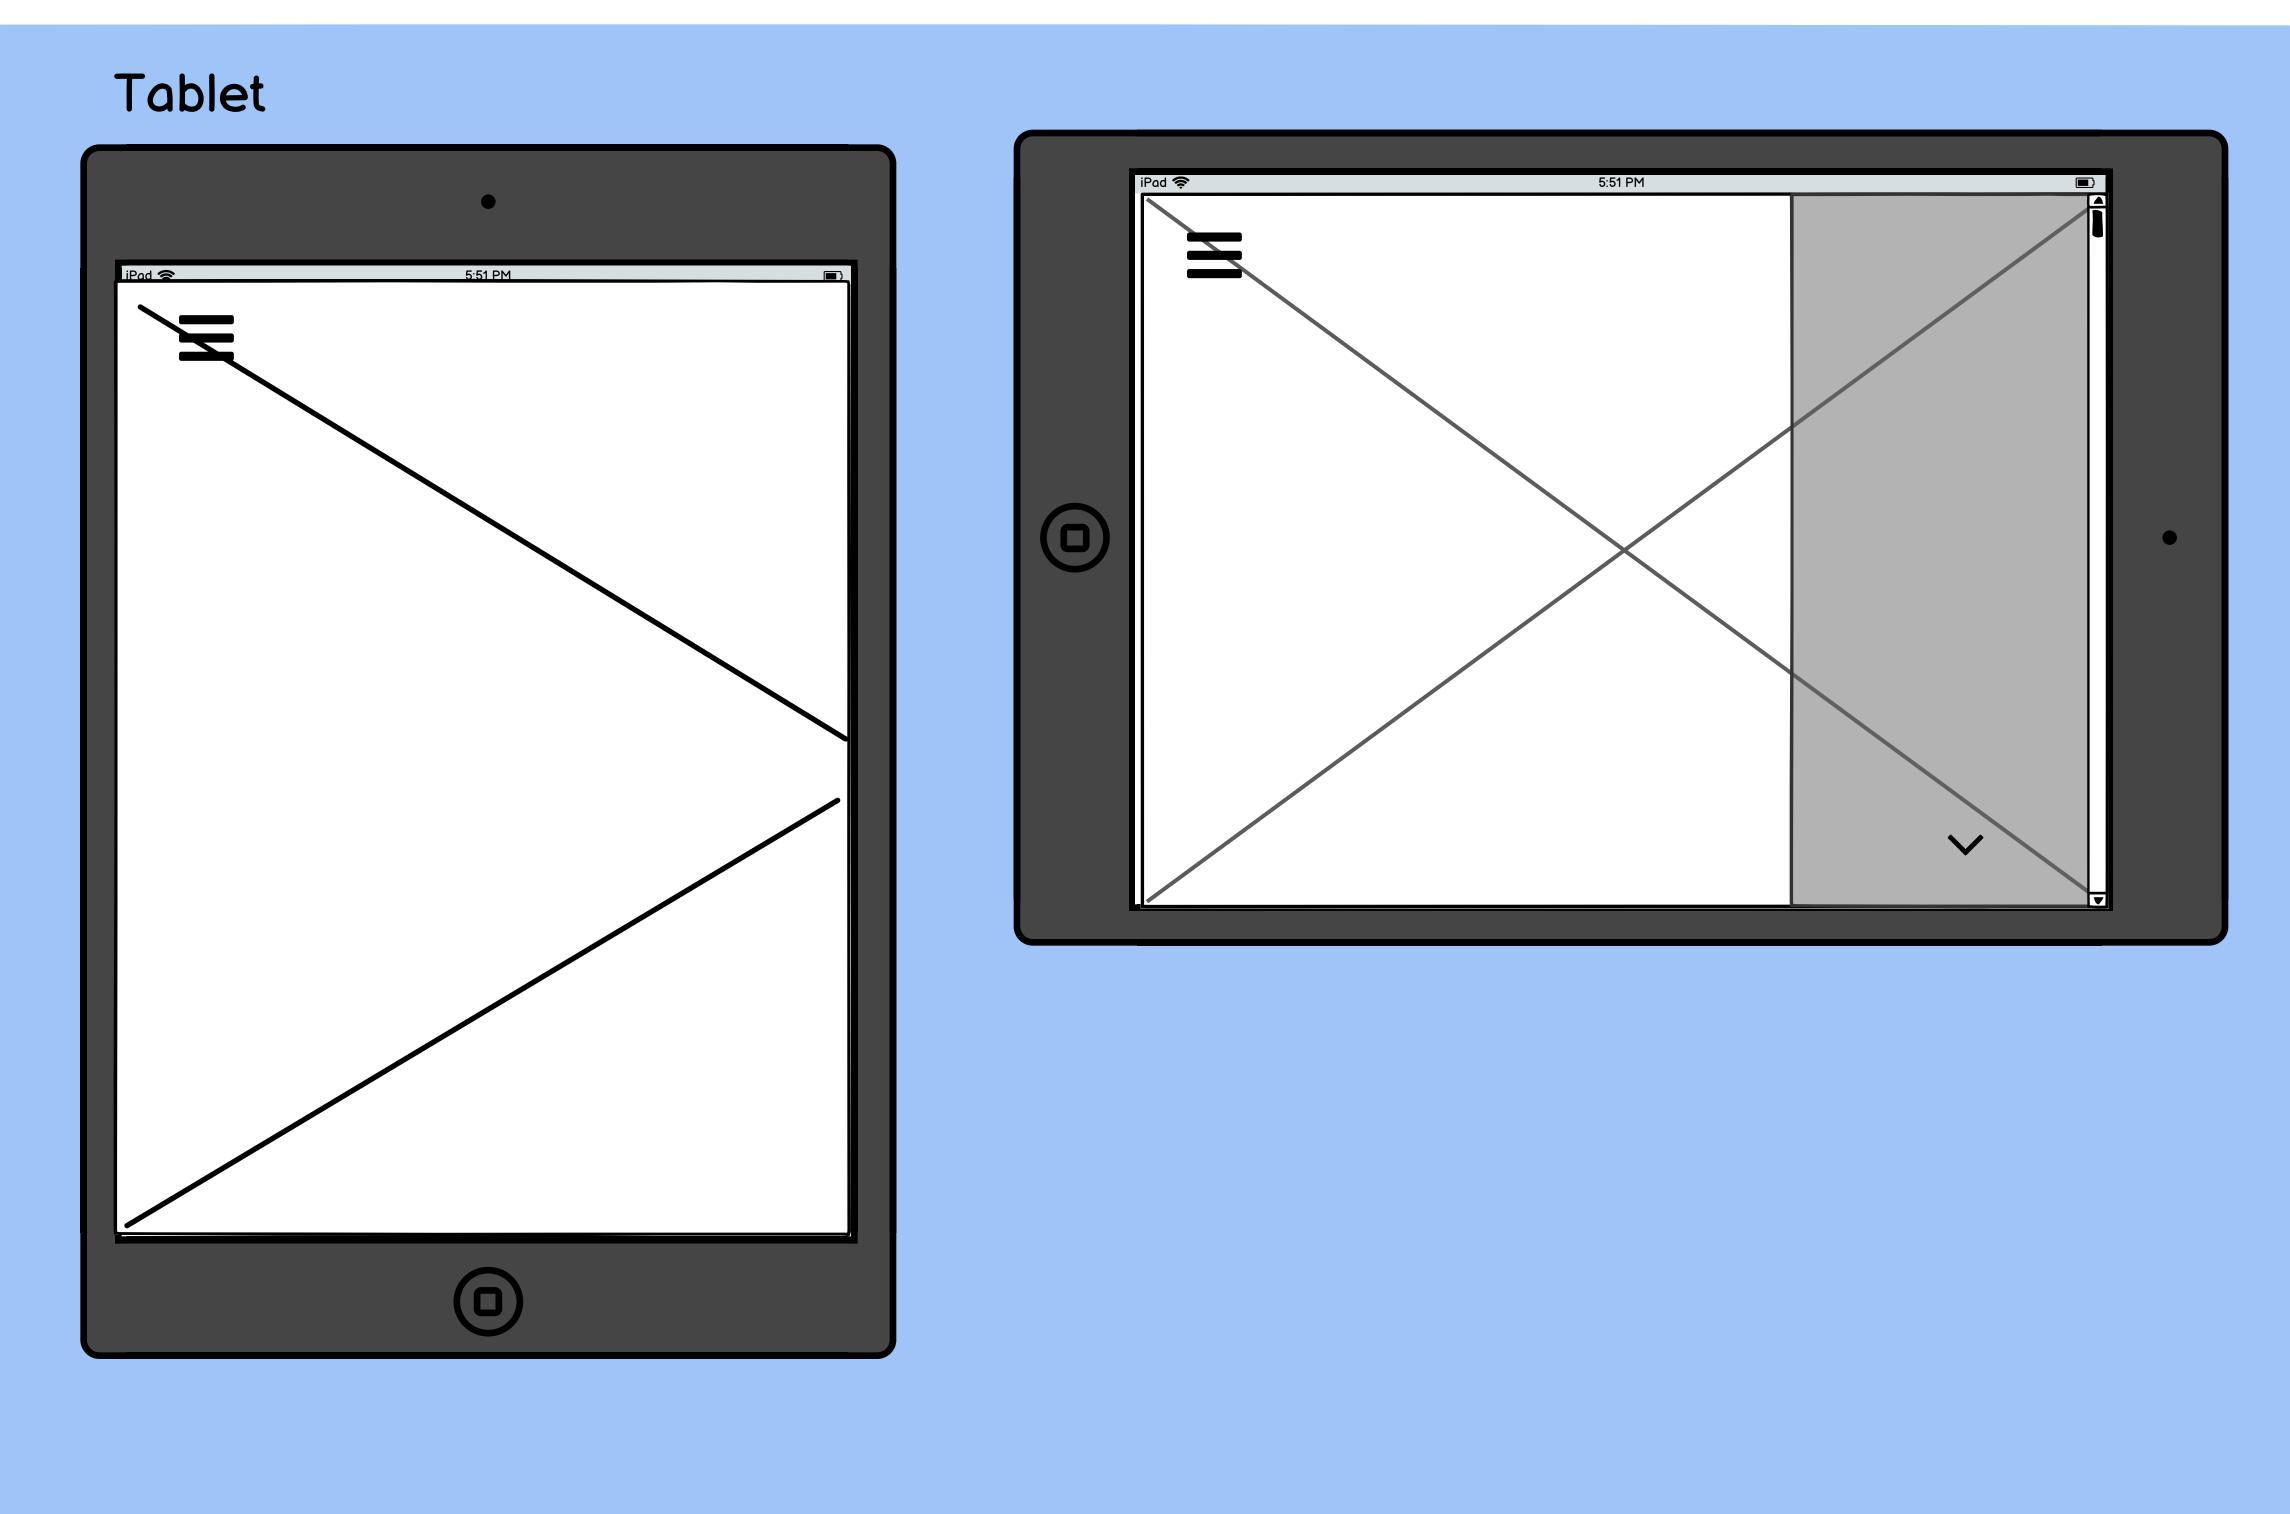

Images are sorted randomly

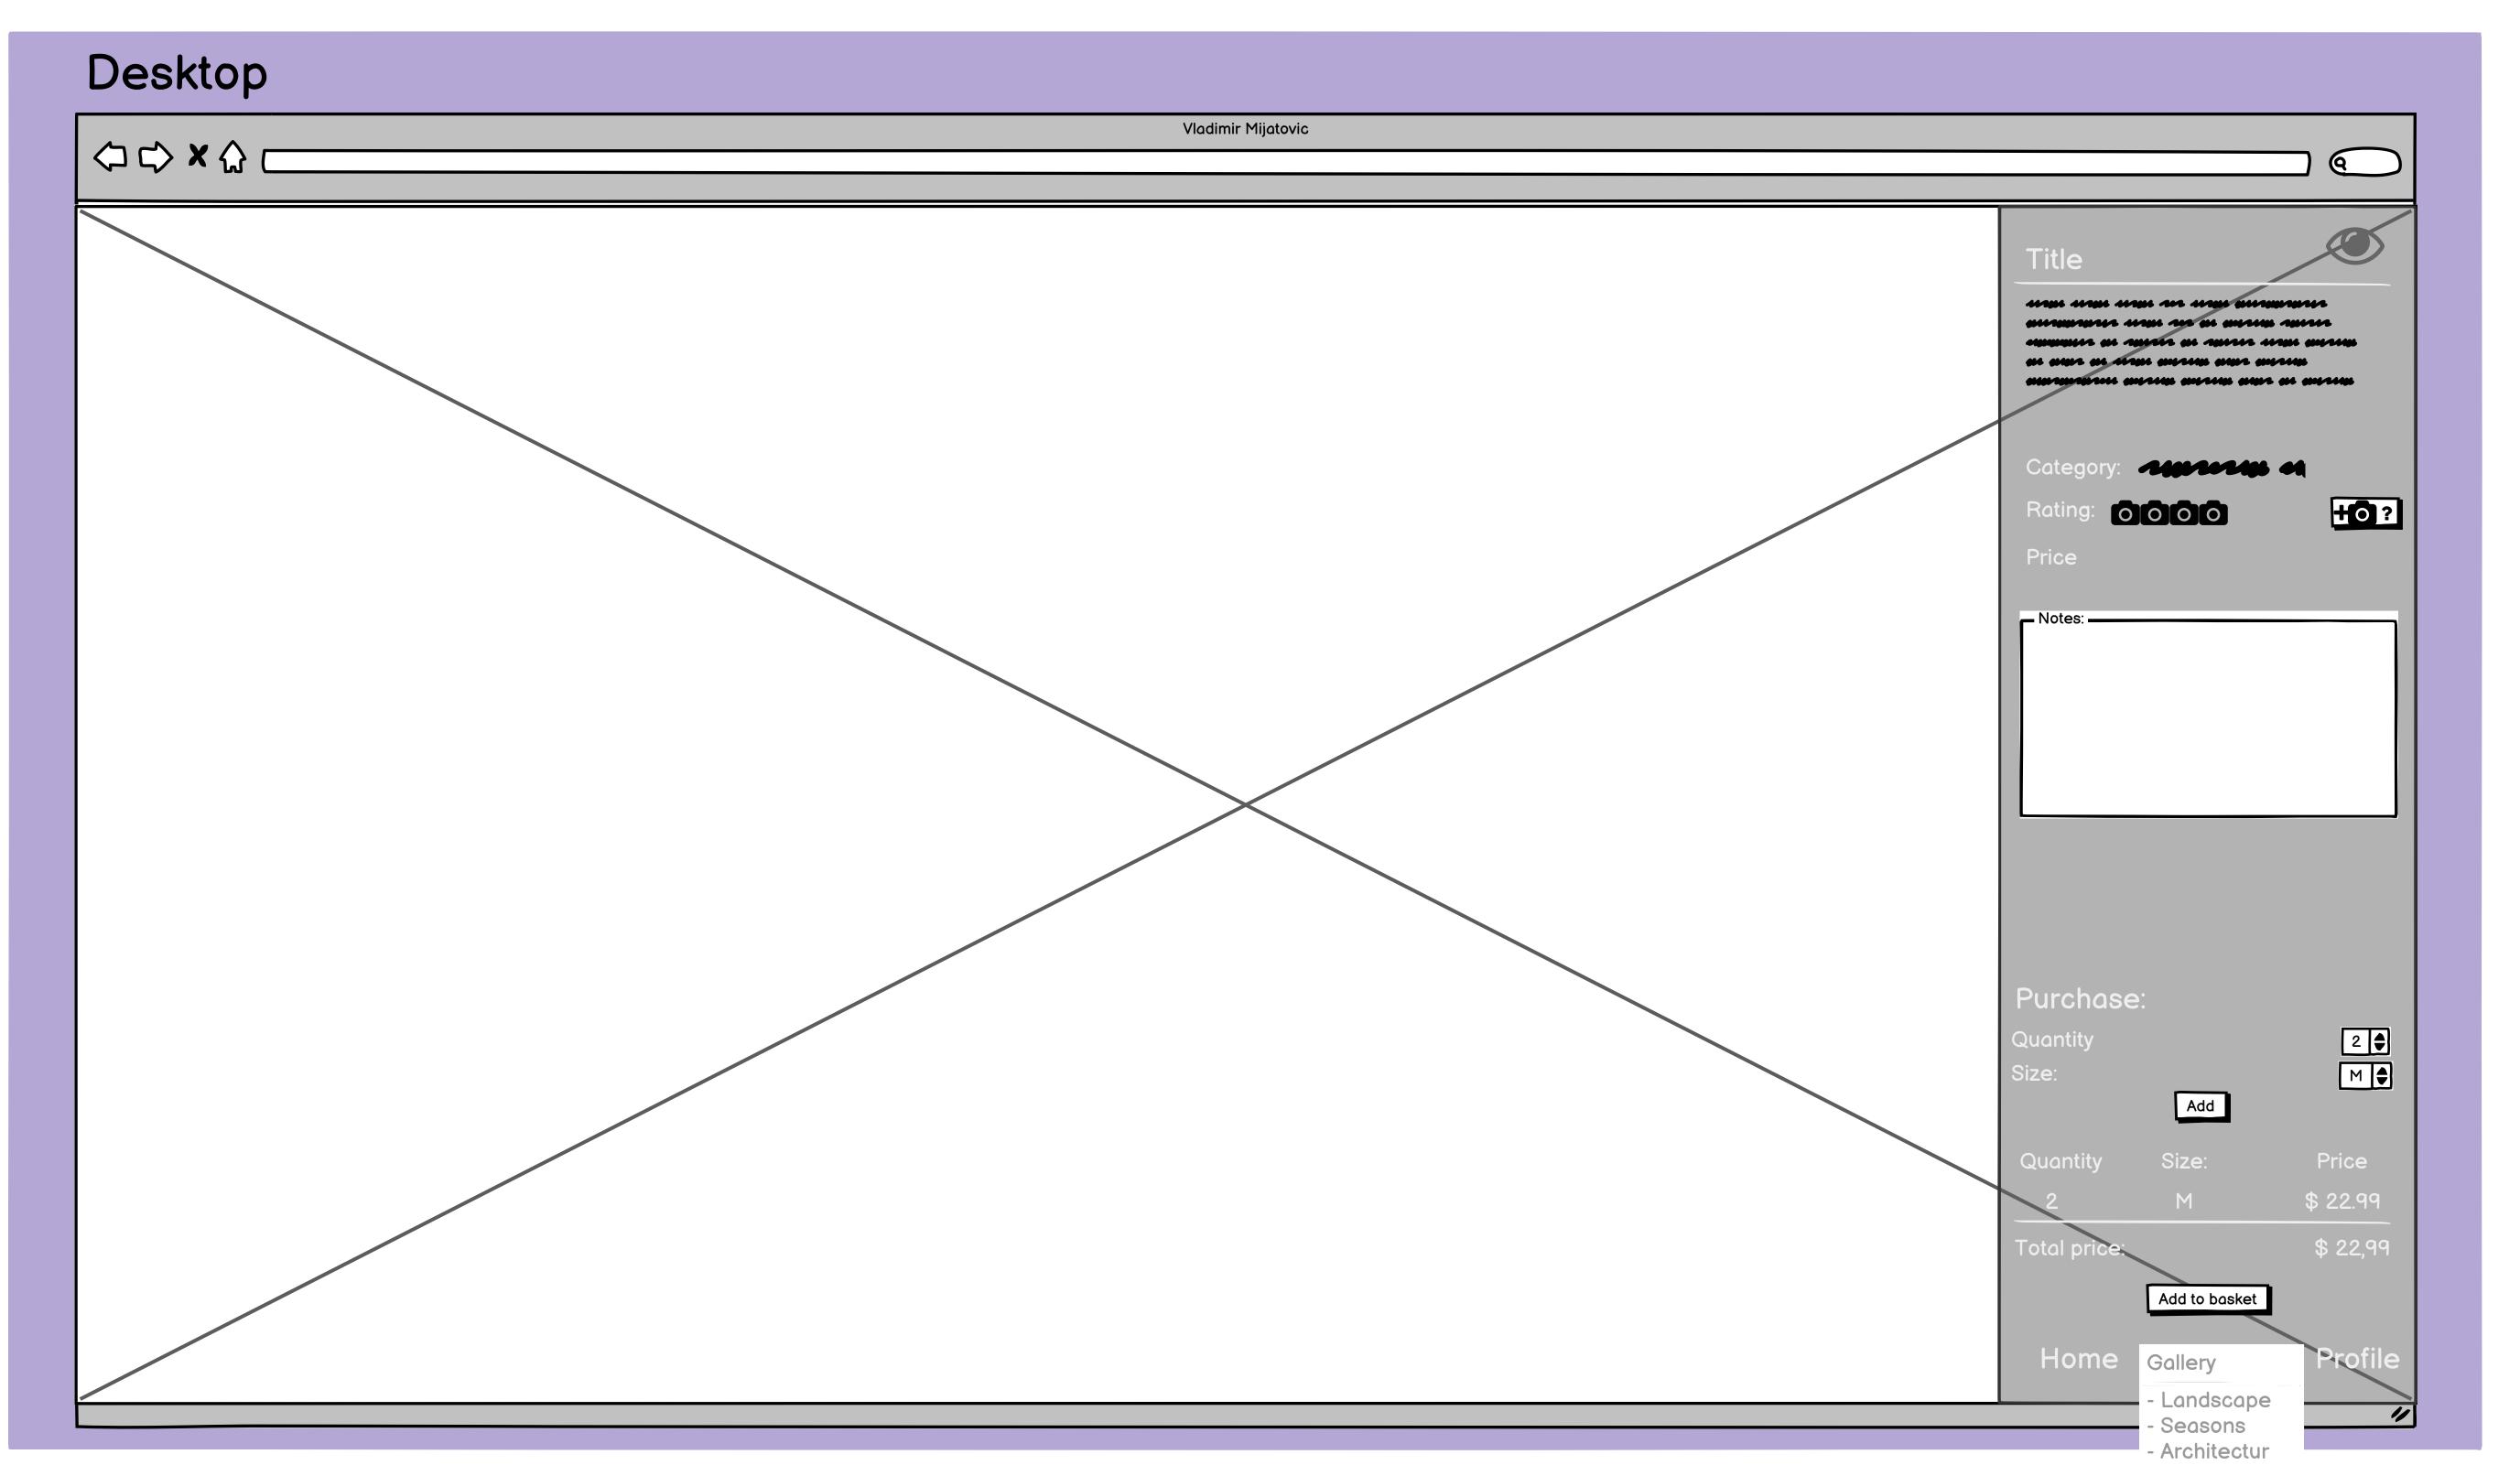

white background

More info page:

- Image covers the whole page
 info is in a semi transparent block on the right side of the page

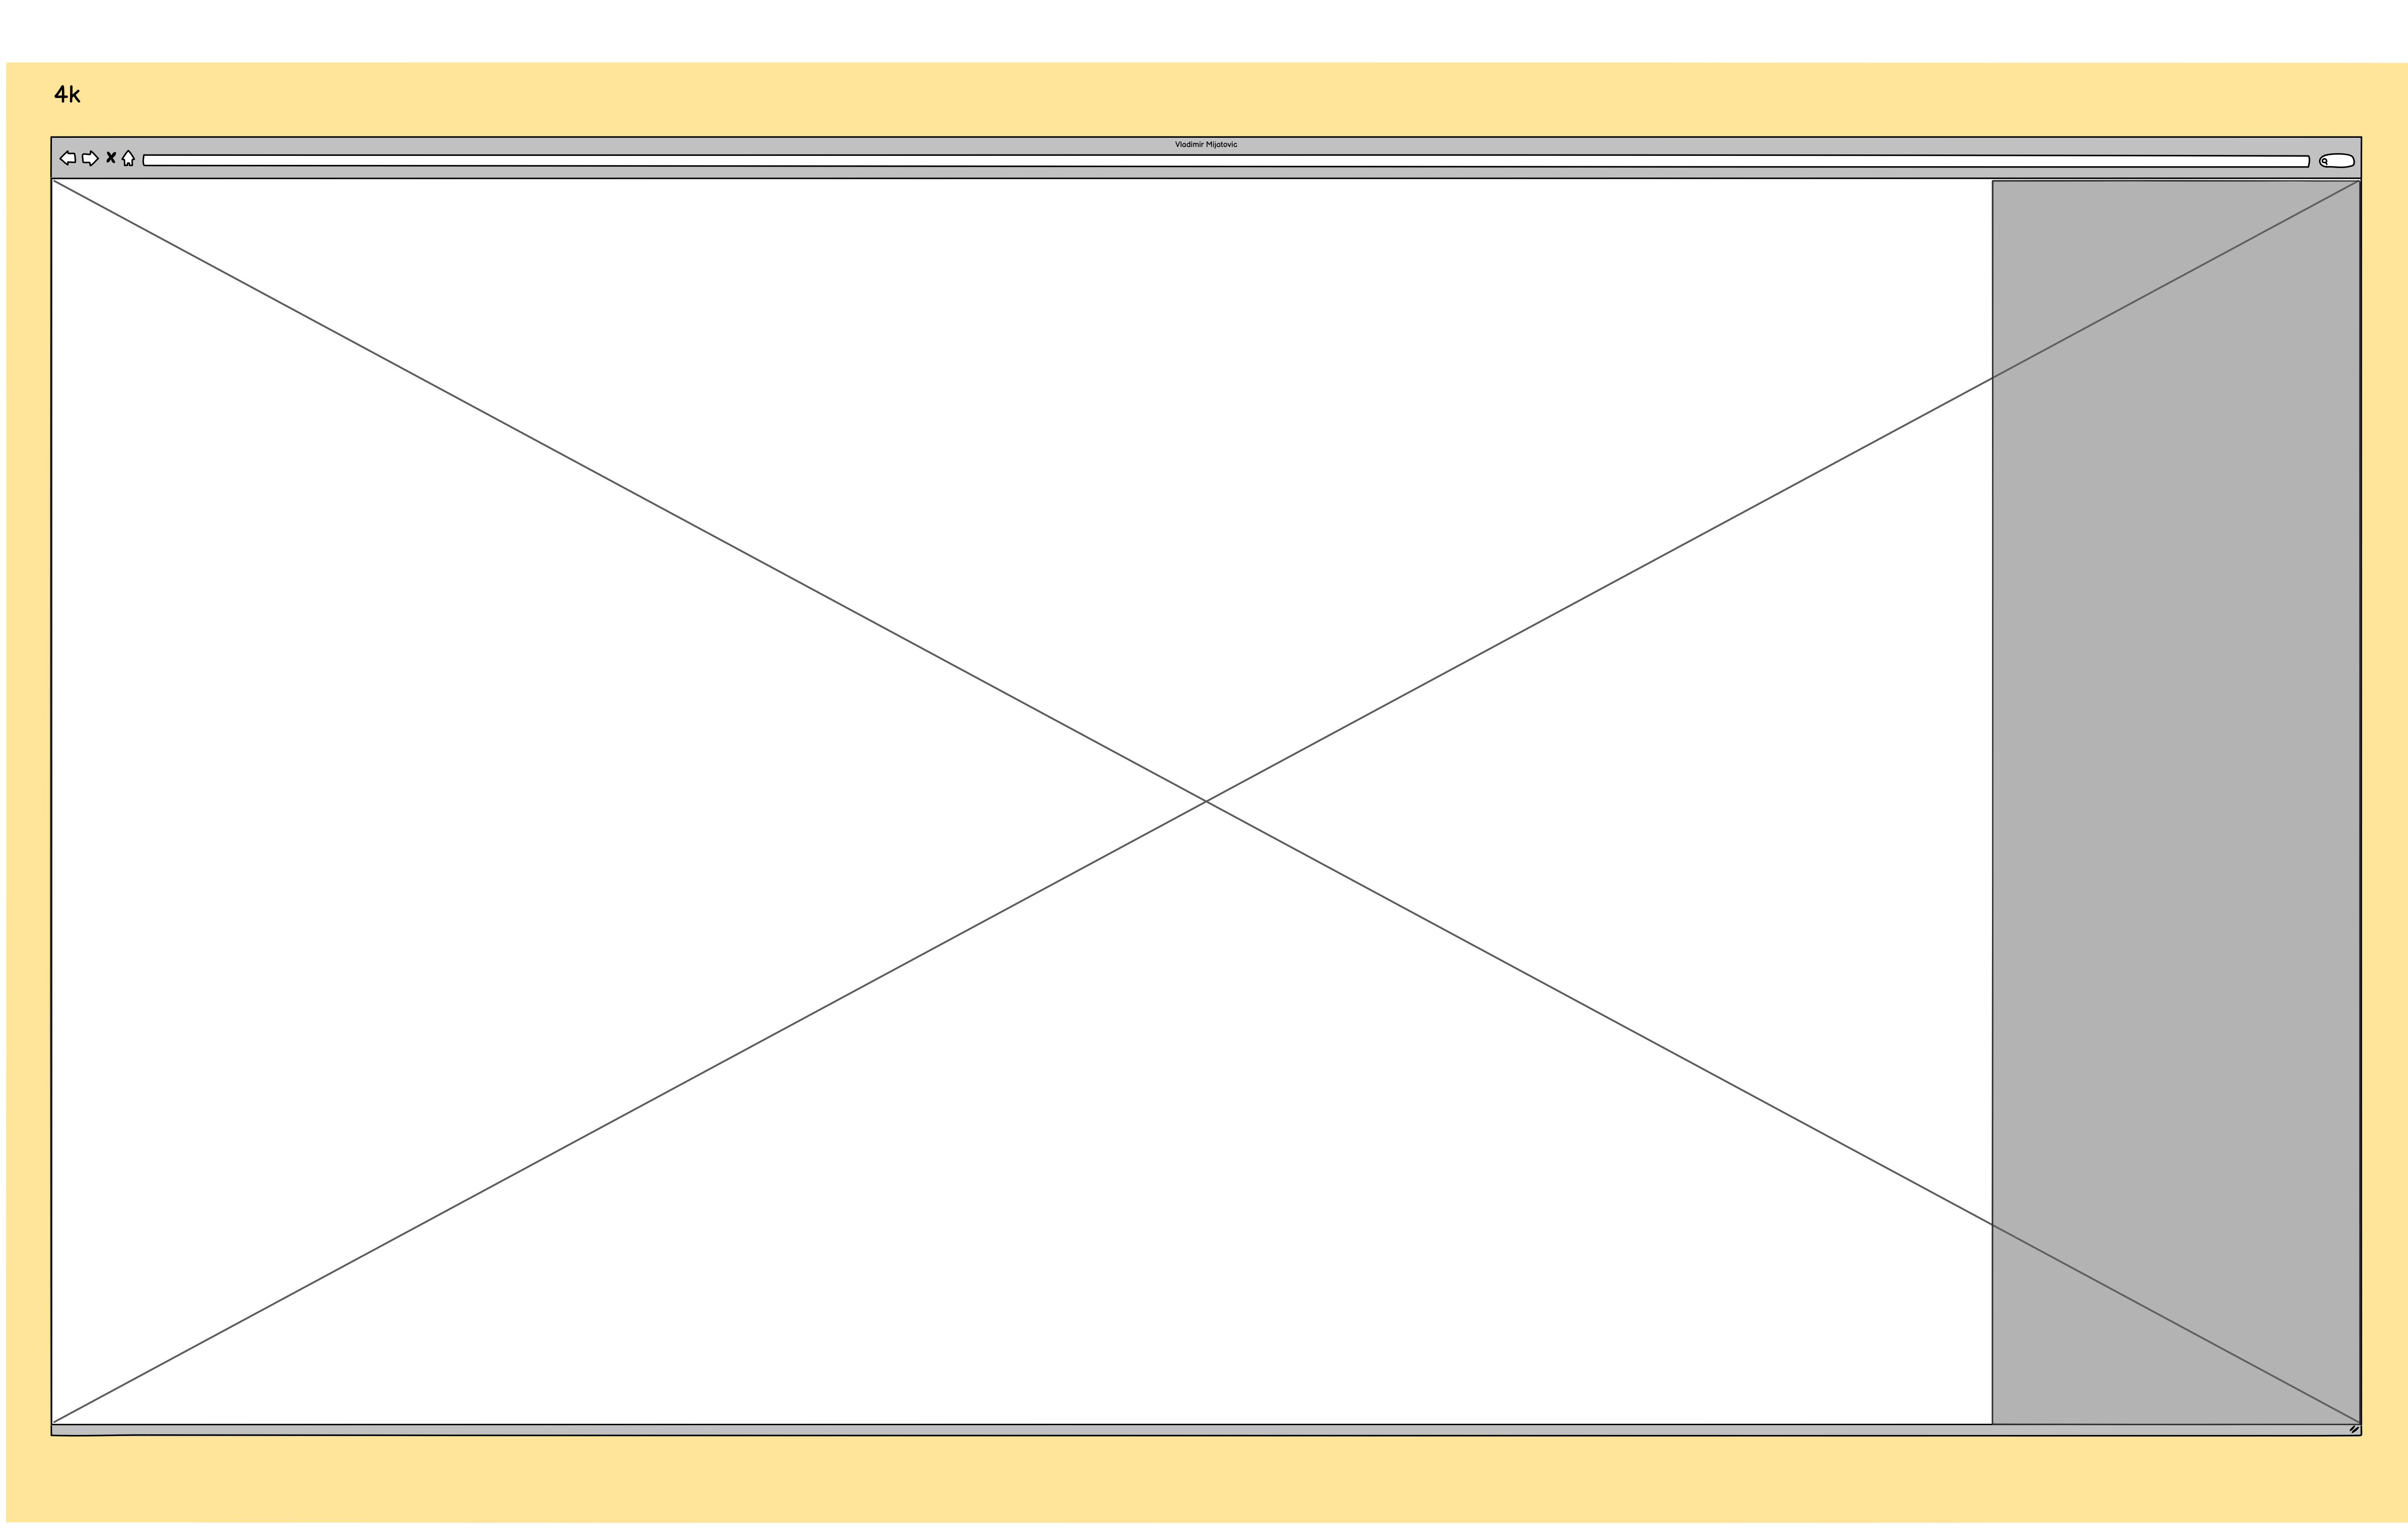

Notes are visible only to admin
